"Don't bother me, I've got some important business to tend to.

"Here we are men!"

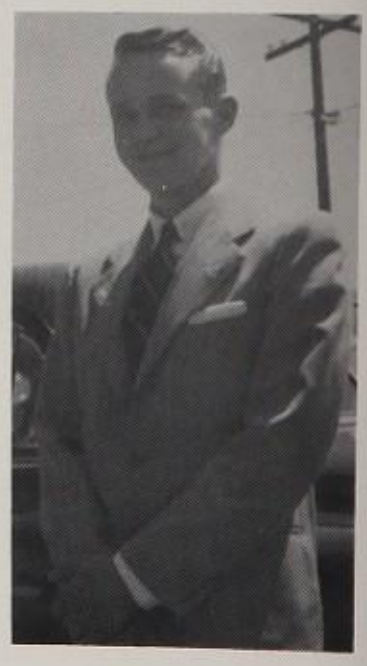
Do you feel like someone is looking at you?

What's the matter Hodson; pictures scare little old you?

"I use Gleem!"

"Come on now, let me take your temperature."

"Just leave me alone!"

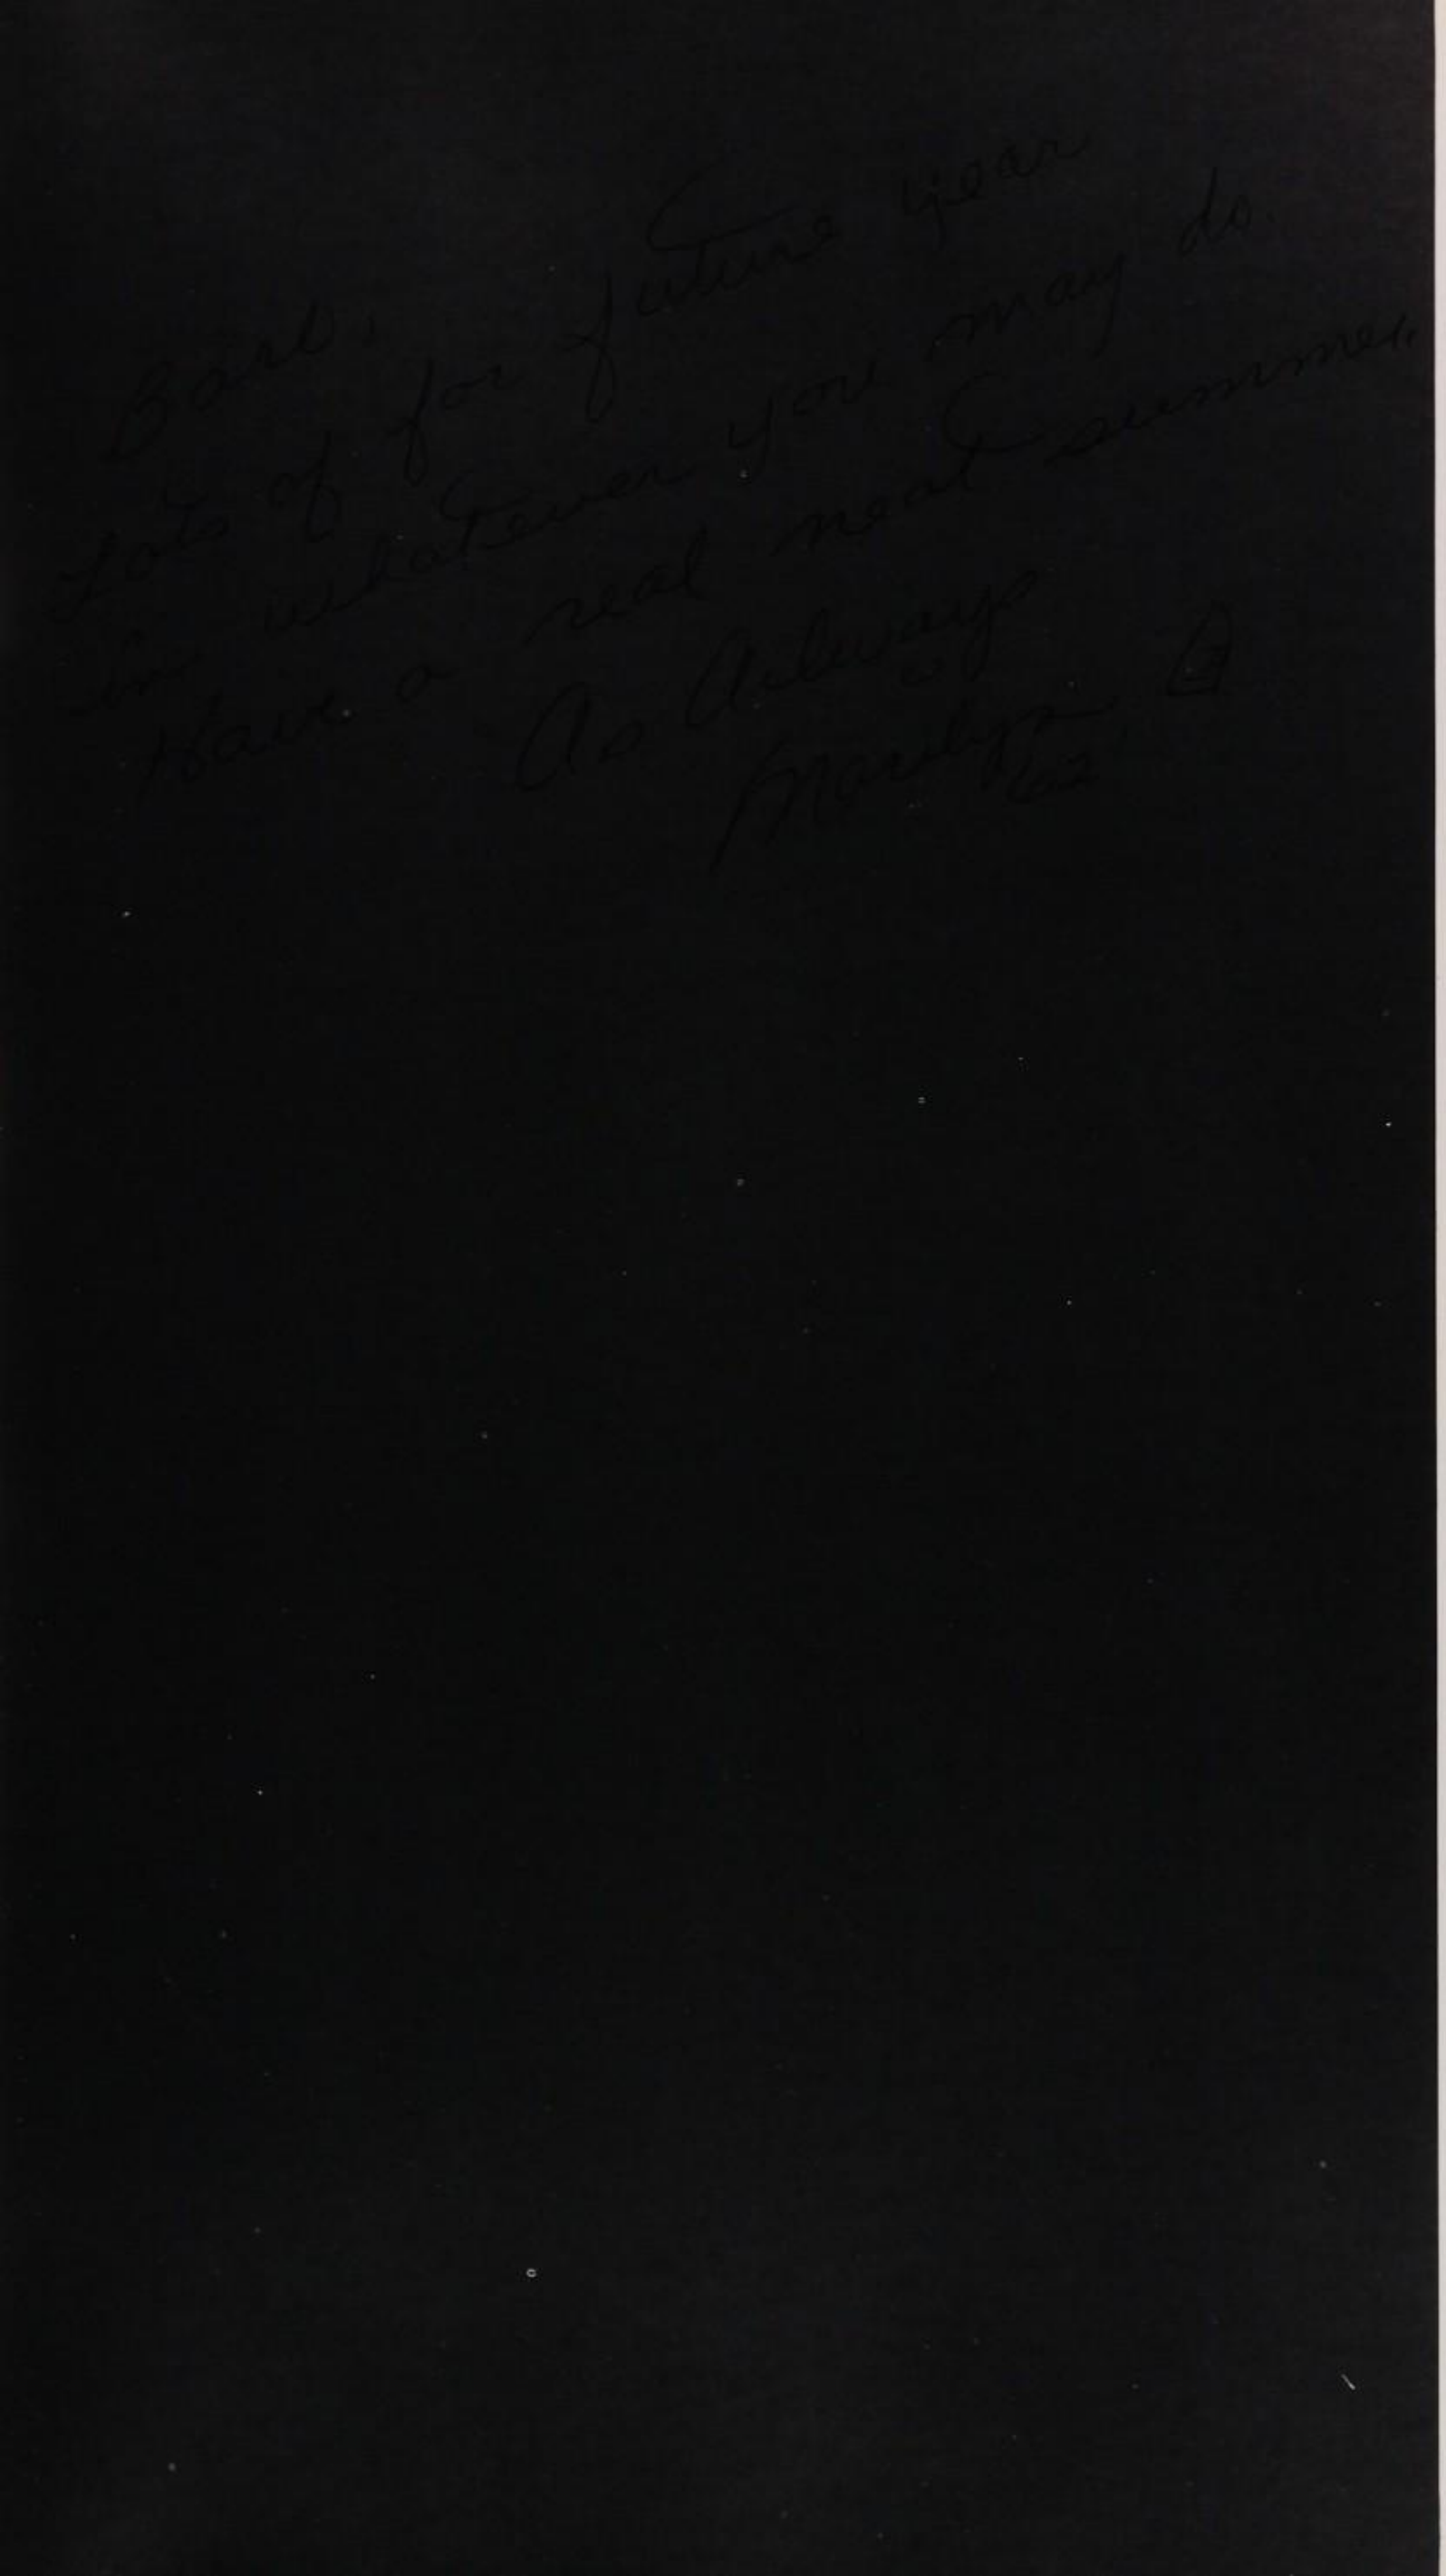


"Aw, you're just josh-ing me!"

"Don't take it so hard!"

Bottoms Up!

Now we know why they say man comes from the monkey!



Best wishes for future years

# A.F.S. Exchange Students

This year's program was a true exchange. Karen Thanning is from Haslev, Denmark, and Bill Davidson went to Naevsted, Denmark for six months. Bill is pointing to Denmark on the map of the world.

The chance to go abroad was the most outstanding experience which I have ever encountered. This chance was made possible through the efforts of Clackamas High School and the American Field Service program.

I am very thankful for the experience which I received through A.F.S., the family and friends I found abroad, the Student Body and Faculty of Clackamas High School and most of all to my American mother and father — for without them my trip abroad would only have been an unattainable dream.

Bill Davidson
*American Exchange Student to Denmark*

On May 30th, 1961 I got the letter from A.F.S. in New York saying that I had been chosen to go to the U.S. for one year. I was excited and happy and so were my parents.

When a thing like this happens to you, many thoughts go through your mind. First you get excited of course, but when you have settled down, a little more serious thoughts come to you. You are going to live for one year with some people you have only seen on a picture. Will you be able to adjust, or will their way of living be so different it will be impossible? Will you be able to carry out the job of representing your own country? Will you miss your parents, brothers and sisters, relatives and friends? What are the people like over there? Will they accept you? These are just a few of the thoughts which went through my own mind.

When I came to New York, we were told to give back more than we received. Then this sounded easy, but I wish all of you could know what it is to be here and receive so much kindness and hospitality. All the experiences you get are something nobody can take from you and something you will remember all your life. I wish I could explain it to you but there is just no such word in the English vocabulary and neither in the Danish for that matter.

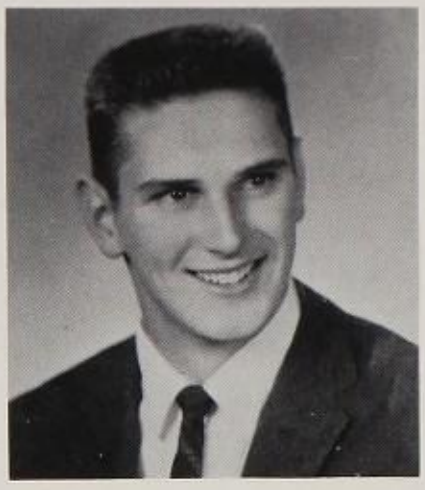
## Most Valuable Player



Dan Petticord was chosen Most Valuable Player by his teammates for his superlative effort throughout the season. Because of his hard work and dedication, Dan finished first in the Metro League in scoring with 18.6 game average.

The varsity basketball team had one of its most successful years this year. There were many high points during the season, one of which was defeating the Astoria Fishermen on their home floor which had been accomplished only 4 times in the previous thirty-nine games. Another memorable night was when the Cavaliers humiliated the Beaverton Beavers by trouncing them by 31 points on our home floor. But the team met its defeats as well as its victories and lost out on a chance to go to the state tourney. The players never lost their poise though and finished the season with a very respectable record.

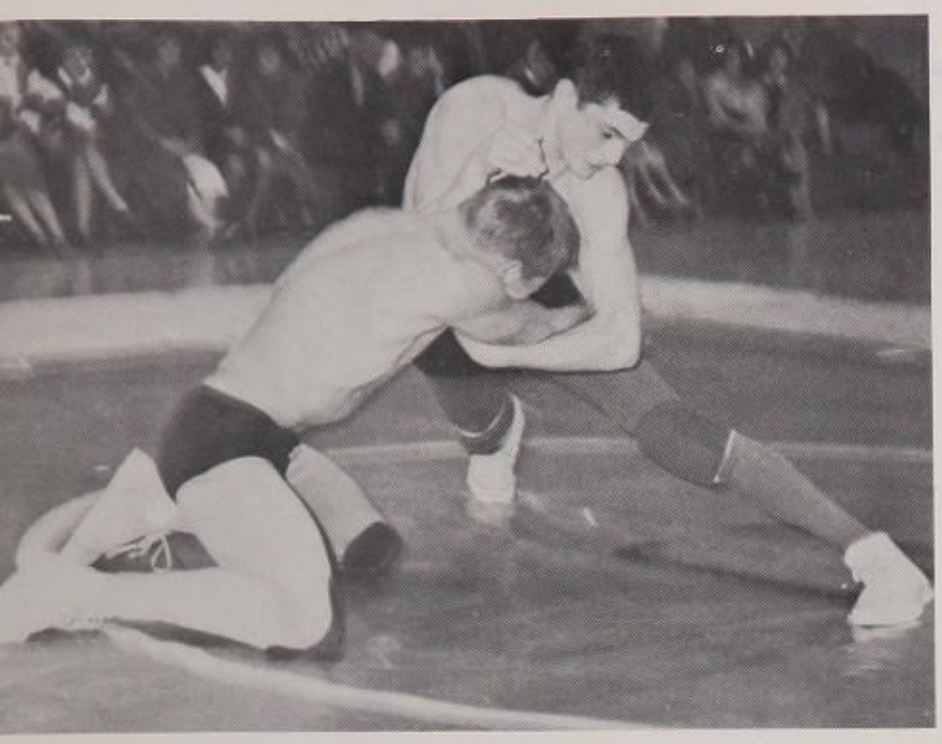
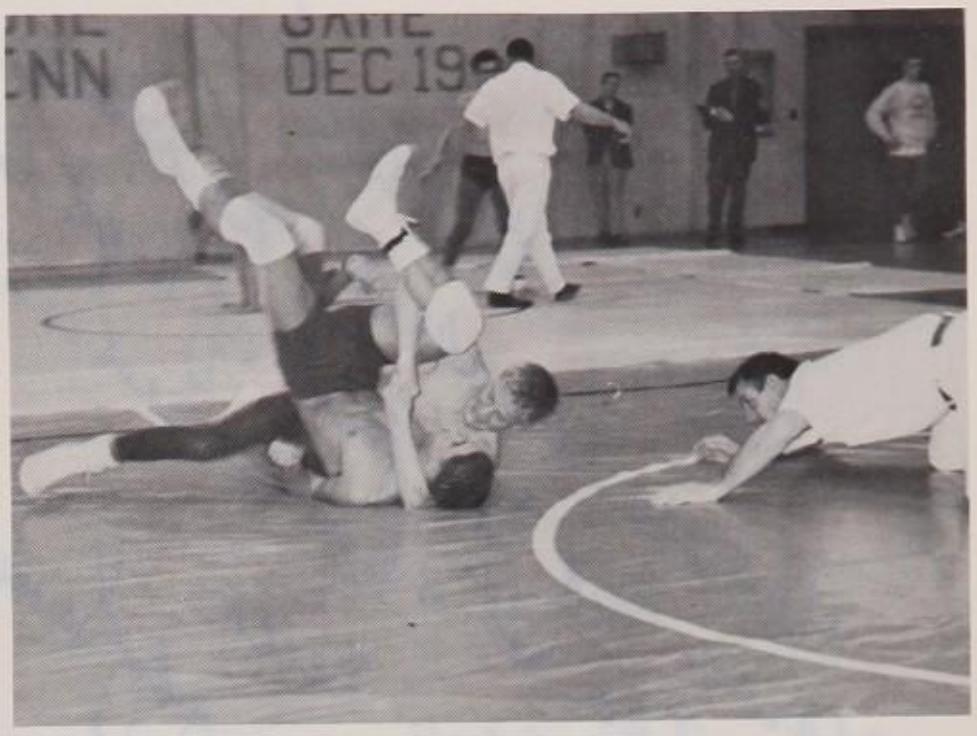
# State Champion

Ron Calhoun, a senior, won the state championship in the 130 lb. weight division of the state wrestling tournament this year. In doing this, he accomplished a feat never known to a Clackamas Hi wrestler before. Besides gaining recognition and honor for himself, he brought to his school a great amount of prestige. Ron's diligence and determination have made him most deserving of this title, and he has set a fine example for all future athletes of Clackamas High School.

# Wrestlers in Action

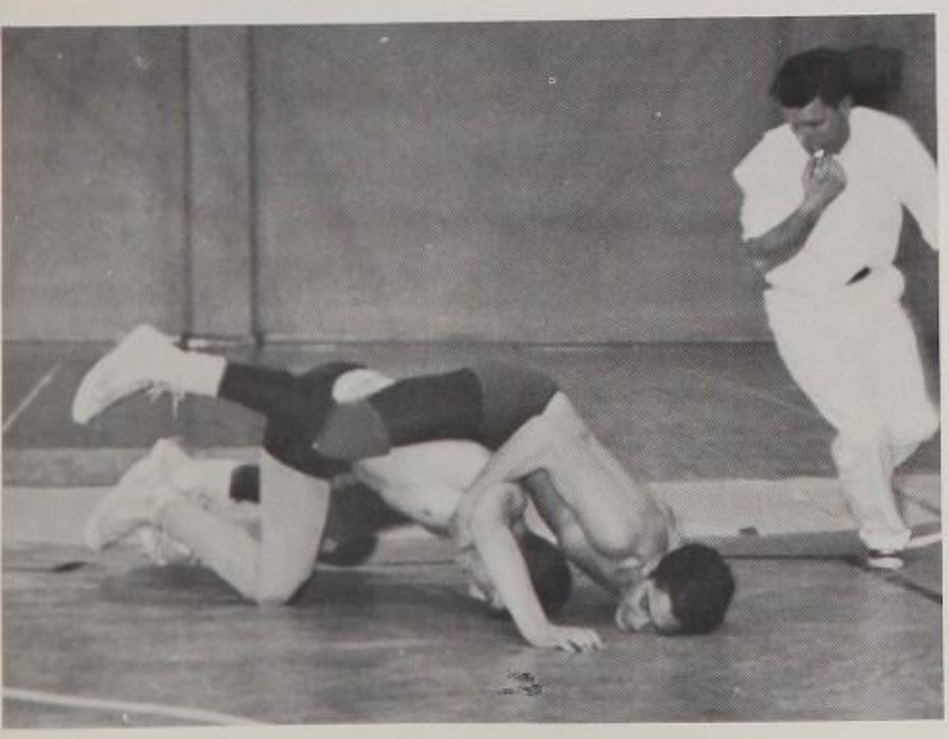


Ron Calhoun, state wrestler, blocks a leg dive.



Ron Love pins his man in the Wrestling Tournament.

On December 17, Clackamas held an Invitational Wrestling Tournament with Oregon City, Medford, Tillamock and Milwaukie. Even though we were wrestling two of the toughest teams in the state, Clackamas took second place.



Don Jones attempts a figure-four on his opponent.

Dan Carlson gets two points for reversal.

When it's over!
No more teachers & no more
classes. And the fun of high school
is gone too. It's kinda sad is it not?
